

## Carefree Undercoat

Revision: 2017-04-02

Version: 03.1

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

**1.1 Product identifier**

Trade name: Carefree Undercoat

**1.2 Relevant identified uses of the substance or mixture and uses advised against**

**Identified uses:**

For professional use only.

AISE-P406 - Polish/Impregnating agent. Manual process

**Uses advised against:** Uses other than those identified are not recommended

**1.3 Details of the supplier of the safety data sheet**

**Contact details**

Diversey Hygiene Sales Limited  
Jamestown Road, Finglas, Dublin 11, Ireland  
Tel: 01 8081808 (9am - 5pm Mon-Fri)  
Email: dublin.orders@sealedair.com

**1.4 Emergency telephone number**

Tel: 01 8081808 (9am - 5pm Mon-Fri)

After hours: National Poisons Centre, Beaumont Hospital, Dublin 9

Tel: 01 8379964

### SECTION 2: Hazards identification

**2.1 Classification of the substance or mixture**

Not classified

**2.2 Label elements**

Contains EUH208: 5-chloro-2-methyl-2H-isothiazol-3-one [EC No 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC No 220-239-6] (3:1) (Methylchloroisothiazolinone, Methylisothiazolinone)

**Hazard statements:**

EUH208 - May produce an allergic reaction.

EUH210 - Safety data sheet available on request.

**2.3 Other hazards**

No other hazards known

The product does not meet the criteria for PBT or vPvB in accordance with Regulation (EC) No 1907/2006, Annex XIII

### SECTION 3: Composition/information on ingredients

**3.2 Mixtures**

| Ingredient(s) | EC number | CAS number | REACH number     | Classification   | Notes | Weight percent |
|---------------|-----------|------------|------------------|--|-------|----------------|
| ammonia       | 215-647-6 | 1336-21-6  | 01-2119488876-14 | Skin Corr. 1B (H314)<br>STOT SE 3 (H335)<br>Aquatic Acute 1 (H400) |       | 0.01-0.1       |

\* Polymer.

For the full text of the H and EUH phrases mentioned in this Section, see Section 16.

Workplace exposure limit(s), if available, are listed in subsection 8.1.

[1] Exempted: ionic mixture. See Regulation (EC) No 1907/2006, Annex V, paragraph 3 and 4. This salt is potentially present, based on calculation, and included for classification and labelling purposes only. Each starting material of the ionic mixture is registered, as required.

[2] Exempted: included in Annex IV of Regulation (EC) No 1907/2006.

[3] Exempted: Annex V of Regulation (EC) No 1907/2006.

[4] Exempted: polymer. See Article 2(9) of Regulation (EC) No 1907/2006.

### SECTION 4: First aid measures

## Carefree Undercoat

**4.1 Description of first aid measures**

|  |  |
|--|--|
| <b>Inhalation:</b>                     | Get medical attention or advice if you feel unwell.  |
| <b>Skin contact:</b>                   | Wash skin with plenty of lukewarm, gently flowing water. If skin irritation occurs: Get medical advice or attention. |
| <b>Eye contact:</b>                    | Rinse cautiously with water for several minutes. If irritation occurs and persists, get medical attention.           |
| <b>Ingestion:</b>                      | Rinse mouth. Immediately drink 1 glass of water. Get medical attention or advice if you feel unwell.                 |
| <b>Self-protection of first aider:</b> | Consider personal protective equipment as indicated in subsection 8.2.   |

**4.2 Most important symptoms and effects, both acute and delayed**

|                      |   |
|----------------------|---|
| <b>Inhalation:</b>   | No known effects or symptoms in normal use. |
| <b>Skin contact:</b> | No known effects or symptoms in normal use. |
| <b>Eye contact:</b>  | No known effects or symptoms in normal use. |
| <b>Ingestion:</b>    | No known effects or symptoms in normal use. |

**4.3 Indication of any immediate medical attention and special treatment needed**

No information available on clinical testing and medical monitoring. Specific toxicological information on substances, if available, can be found in section 11.

**SECTION 5: Firefighting measures****5.1 Extinguishing media**

Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant foam.

**5.2 Special hazards arising from the substance or mixture**

No special hazards known.

**5.3 Advice for firefighters**

As in any fire, wear self contained breathing apparatus and suitable protective clothing including gloves and eye/face protection.

**SECTION 6: Accidental release measures****6.1 Personal precautions, protective equipment and emergency procedures**

No special measures required.

**6.2 Environmental precautions**

Do not allow to enter drainage system, surface or ground water. Dilute with plenty of water.

**6.3 Methods and material for containment and cleaning up**

Absorb with liquid-binding material (sand, diatomite, universal binders, sawdust).

**6.4 Reference to other sections**

For personal protective equipment see subsection 8.2. For disposal considerations see section 13.

**SECTION 7: Handling and storage****7.1 Precautions for safe handling****Measures to prevent fire and explosions:**

No special precautions required.

**Measures required to protect the environment:**

For environmental exposure controls see subsection 8.2.

**Advices on general occupational hygiene:**

Handle in accordance with good industrial hygiene and safety practice. Keep away from food, drink and animal feeding stuffs. Do not mix with other products unless advised by Sealed Air. Wash hands before breaks and at the end of workday. Wash face, hands and any exposed skin thoroughly after handling. Take off immediately all contaminated clothing. Use personal protective equipment as required. Use only with adequate ventilation.

**7.2 Conditions for safe storage, including any incompatibilities**

Store in accordance with local and national regulations. Keep only in original container. Store in a closed container. For conditions to avoid see subsection 10.4. For incompatible materials see subsection 10.5.

**7.3 Specific end use(s)**

No specific advice for end use available.

**SECTION 8: Exposure controls/personal protection****8.1 Control parameters****Workplace exposure limits**

## Carefree Undercoat

Air limit values, if available:

Biological limit values, if available:

Recommended monitoring procedures, if available:

Additional exposure limits under the conditions of use, if available:

**DNEL/DMEL and PNEC values****Human exposure**

DNEL oral exposure - Consumer (mg/kg bw)

| Ingredient(s) | Short term - Local effects | Short term - Systemic effects | Long term - Local effects | Long term - Systemic effects |
|---------------|----------------------------|-------------------------------|---------------------------|------------------------------|
| ammonia       | -                          | -                             | -                         | -                            |

DNEL dermal exposure - Worker

| Ingredient(s) | Short term - Local effects | Short term - Systemic effects (mg/kg bw) | Long term - Local effects | Long term - Systemic effects (mg/kg bw) |
|---------------|----------------------------|--|---------------------------|---|
| ammonia       | No data available          | 6.8                                      | No data available         | 6.8                                     |

DNEL dermal exposure - Consumer

| Ingredient(s) | Short term - Local effects | Short term - Systemic effects (mg/kg bw) | Long term - Local effects | Long term - Systemic effects (mg/kg bw) |
|---------------|----------------------------|--|---------------------------|---|
| ammonia       | No data available          | -  | No data available         | -                                       |

DNEL inhalatory exposure - Worker (mg/m<sup>3</sup>)

| Ingredient(s) | Short term - Local effects | Short term - Systemic effects | Long term - Local effects | Long term - Systemic effects |
|---------------|----------------------------|-------------------------------|---------------------------|------------------------------|
| ammonia       | 36                         | 47.6                          | 14                        | 47.6                         |

DNEL inhalatory exposure - Consumer (mg/m<sup>3</sup>)

| Ingredient(s) | Short term - Local effects | Short term - Systemic effects | Long term - Local effects | Long term - Systemic effects |
|---------------|----------------------------|-------------------------------|---------------------------|------------------------------|
| ammonia       | -                          | -                             | -                         | -                            |

**Environmental exposure**

Environmental exposure - PNEC

| Ingredient(s) | Surface water, fresh (mg/l) | Surface water, marine (mg/l) | Intermittent (mg/l) | Sewage treatment plant (mg/l) |
|---------------|-----------------------------|------------------------------|---------------------|-------------------------------|
| ammonia       | 0.0011                      | 0.011                        | -                   | -                             |

Environmental exposure - PNEC, continued

| Ingredient(s) | Sediment, freshwater (mg/kg) | Sediment, marine (mg/kg) | Soil (mg/kg) | Air (mg/m <sup>3</sup> ) |
|---------------|------------------------------|--------------------------|--------------|--------------------------|
| ammonia       | -                            | -                        | -            | -                        |

**8.2 Exposure controls**

The following information applies for the uses indicated in subsection 1.2 of the Safety Data Sheet.

If available, please refer to the product information sheet for application and handling instructions.

Normal use conditions are assumed for this section.

Recommended safety measures for handling the undiluted product:

**Appropriate engineering controls:** No special requirements under normal use conditions.  
**Appropriate organisational controls:** Avoid direct contact and/or splashes where possible Train personnel

**Personal protective equipment**

**Eye / face protection:** Safety glasses are not normally required. However, their use is recommended in those cases where splashes may occur when handling the product.  
**Hand protection:** Rinse and dry hands after use. For prolonged contact protection for the skin may be necessary.  
**Body protection:** No special requirements under normal use conditions.  
**Respiratory protection:** No special requirements under normal use conditions.

**Environmental exposure controls:** No special requirements under normal use conditions.

**SECTION 9: Physical and chemical properties****9.1 Information on basic physical and chemical properties**

Information in this section refers to the product, unless it is specifically stated that substance data is listed

**Method / remark**

**Physical State:** Liquid  
**Colour:** Opaque, White  
**Odour:** Product specific

## Carefree Undercoat

**Odour threshold:** Not applicable**pH:** ≈ 9 (neat)**Melting point/freezing point (°C):** Not determined

Not relevant to classification of this product

**Initial boiling point and boiling range (°C):** Not determined

Substance data, boiling point

| Ingredient(s) | Value (°C) | Method           | Atmospheric pressure (hPa) |
|---------------|------------|------------------|----------------------------|
| ammonia       | 28.5       | Method not given |                            |

Method / remark

**Flash point (°C):** Not applicable.**Sustained combustion:** Not applicable.**Evaporation rate:** Not determined**Flammability (solid, gas):** Not determined**Upper/lower flammability limit (%):** Not determined

Substance data, flammability or explosive limits, if available:

| Ingredient(s) | Lower limit (% vol) | Upper limit (% vol) |
|---------------|---------------------|---------------------|
| ammonia       | 15.4                | 33.6                |

Method / remark

**Vapour pressure:** Not determined

Substance data, vapour pressure

| Ingredient(s) | Value (Pa) | Method           | Temperature (°C) |
|---------------|------------|------------------|------------------|
| ammonia       | 586500     | Method not given | 20               |

Method / remark

**Vapour density:** Not determined**Relative density:** ≈ 1.03 (20 °C)**Solubility in / Miscibility with Water:** Fully miscible

Substance data, solubility in water

| Ingredient(s) | Value (g/l) | Method           | Temperature (°C) |
|---------------|-------------|------------------|------------------|
| ammonia       | 100 Soluble | Method not given | 20               |

Substance data, partition coefficient n-octanol/water (log Kow): see subsection 12.3

Method / remark

**Autoignition temperature:** Not determined**Decomposition temperature:** Not applicable.**Viscosity:** Not determined**Explosive properties:** Not explosive.**Oxidising properties:** Not oxidising**9.2 Other information****Surface tension (N/m):** Not determined**Corrosion to metals:** Not corrosiveNot relevant to classification of this product  
Weight of evidence

Substance data, dissociation constant, if available:

**SECTION 10: Stability and reactivity****10.1 Reactivity**

No reactivity hazards known under normal storage and use conditions.

**10.2 Chemical stability**

Stable under normal storage and use conditions.

**10.3 Possibility of hazardous reactions**

No hazardous reactions known under normal storage and use conditions.

**10.4 Conditions to avoid**

None known under normal storage and use conditions.

**10.5 Incompatible materials**

None known under normal use conditions.

**10.6 Hazardous decomposition products**

None known under normal storage and use conditions.

## Carefree Undercoat

**SECTION 11: Toxicological information****11.1 Information on toxicological effects**

No data is available on the mixture.

Substance data, where relevant and available, are listed below:

**Acute toxicity**

Acute oral toxicity

| Ingredient(s) | Endpoint         | Value (mg/kg) | Species | Method           | Exposure time (h) |
|---------------|------------------|---------------|---------|------------------|-------------------|
| ammonia       | LD <sub>50</sub> | 350           | Rat     | Method not given |                   |

Acute dermal toxicity

| Ingredient(s) | Endpoint | Value (mg/kg)     | Species | Method | Exposure time (h) |
|---------------|----------|-------------------|---------|--------|-------------------|
| ammonia       |          | No data available |         |        |                   |

Acute inhalative toxicity

| Ingredient(s) | Endpoint         | Value (mg/l) | Species | Method           | Exposure time (h) |
|---------------|------------------|--------------|---------|------------------|-------------------|
| ammonia       | LC <sub>50</sub> | 7.035        | Rat     | Method not given | 0.5               |

**Irritation and corrosivity**

Skin irritation and corrosivity

| Ingredient(s) | Result    | Species | Method           | Exposure time |
|---------------|-----------|---------|------------------|---------------|
| ammonia       | Corrosive |         | Method not given |               |

Eye irritation and corrosivity

| Ingredient(s) | Result        | Species | Method           | Exposure time |
|---------------|---------------|---------|------------------|---------------|
| ammonia       | Severe damage |         | Method not given |               |

Respiratory tract irritation and corrosivity

| Ingredient(s) | Result                          | Species | Method           | Exposure time |
|---------------|---------------------------------|---------|------------------|---------------|
| ammonia       | Irritating to respiratory tract |         | Method not given |               |

**Sensitisation**

Sensitisation by skin contact

| Ingredient(s) | Result          | Species | Method           | Exposure time (h) |
|---------------|-----------------|---------|------------------|-------------------|
| ammonia       | Not sensitising |         | Method not given |                   |

Sensitisation by inhalation

| Ingredient(s) | Result            | Species | Method | Exposure time |
|---------------|-------------------|---------|--------|---------------|
| ammonia       | No data available |         |        |               |

**CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)**

Mutagenicity

| Ingredient(s) | Result (in-vitro)            | Method (in-vitro) | Result (in-vivo)             | Method (in-vivo) |
|---------------|------------------------------|-------------------|------------------------------|------------------|
| ammonia       | No evidence for mutagenicity |                   | No evidence for mutagenicity |                  |

Carcinogenicity

| Ingredient(s) | Effect            |
|---------------|-------------------|
| ammonia       | No data available |

Toxicity for reproduction

| Ingredient(s) | Endpoint | Specific effect | Value (mg/kg bw/d) | Species | Method | Exposure time | Remarks and other effects reported    |
|---------------|----------|-----------------|--------------------|---------|--------|---------------|---------------------------------------|
| ammonia       |          |                 | No data available  |         |        |               | No evidence for reproductive toxicity |

**Repeated dose toxicity**

Sub-acute or sub-chronic oral toxicity

| Ingredient(s) | Endpoint | Value (mg/kg bw/d) | Species | Method           | Exposure time (days) | Specific effects and organs affected |
|---------------|----------|--------------------|---------|------------------|----------------------|--------------------------------------|
| ammonia       | NOAEL    | 68                 |         | Method not given |                      |                                      |

Sub-chronic dermal toxicity

## Carefree Undercoat

| Ingredient(s) | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time (days) | Specific effects and organs affected |
|---------------|----------|--------------------|---------|--------|----------------------|--------------------------------------|
| ammonia       |          | No data available  |         |        |                      |                                      |

## Sub-chronic inhalation toxicity

| Ingredient(s) | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time (days) | Specific effects and organs affected |
|---------------|----------|--------------------|---------|--------|----------------------|--------------------------------------|
| ammonia       |          | No data available  |         |        |                      |                                      |

## Chronic toxicity

| Ingredient(s) | Exposure route | Endpoint | Value (mg/kg bw/d) | Species | Method | Exposure time | Specific effects and organs affected | Remark |
|---------------|----------------|----------|--------------------|---------|--------|---------------|--------------------------------------|--------|
| ammonia       |                |          | No data available  |         |        |               |                                      |        |

## STOT-single exposure

| Ingredient(s) | Affected organ(s) |
|---------------|-------------------|
| ammonia       | No data available |

## STOT-repeated exposure

| Ingredient(s) | Affected organ(s) |
|---------------|-------------------|
| ammonia       | No data available |

**Aspiration hazard**

Substances with an aspiration hazard (H304), if any, are listed in section 3. If relevant, see section 9 for dynamic viscosity and relative density of the product.

**Potential adverse health effects and symptoms**

Effects and symptoms related to the product, if any, are listed in subsection 4.2.

**SECTION 12: Ecological information****12.1 Toxicity**

No data is available on the mixture.

Substance data, where relevant and available, are listed below:

**Aquatic short-term toxicity**

Aquatic short-term toxicity - fish

| Ingredient(s) | Endpoint         | Value (mg/l) | Species     | Method           | Exposure time (h) |
|---------------|------------------|--------------|-------------|------------------|-------------------|
| ammonia       | LC <sub>50</sub> | 0.56 - 2.48  | <i>Fish</i> | Method not given | 96                |

Aquatic short-term toxicity - crustacea

| Ingredient(s) | Endpoint         | Value (mg/l) | Species                               | Method           | Exposure time (h) |
|---------------|------------------|--------------|---------------------------------------|------------------|-------------------|
| ammonia       | EC <sub>50</sub> | 1.1 - 22.8   | <i>Daphnia magna</i><br><i>Straus</i> | Method not given | -                 |

Aquatic short-term toxicity - algae

| Ingredient(s) | Endpoint | Value (mg/l)      | Species | Method | Exposure time (h) |
|---------------|----------|-------------------|---------|--------|-------------------|
| ammonia       |          | No data available |         |        | -                 |

Aquatic short-term toxicity - marine species

| Ingredient(s) | Endpoint | Value (mg/l)      | Species | Method | Exposure time (days) |
|---------------|----------|-------------------|---------|--------|----------------------|
| ammonia       |          | No data available |         |        | -                    |

Impact on sewage plants - toxicity to bacteria

| Ingredient(s) | Endpoint | Value (mg/l)      | Inoculum | Method | Exposure time |
|---------------|----------|-------------------|----------|--------|---------------|
| ammonia       |          | No data available |          |        |               |

**Aquatic long-term toxicity**

Aquatic long-term toxicity - fish

| Ingredient(s) | Endpoint | Value (mg/l)      | Species | Method | Exposure time | Effects observed |
|---------------|----------|-------------------|---------|--------|---------------|------------------|
| ammonia       |          | No data available |         |        |               |                  |

## Carefree Undercoat

## Aquatic long-term toxicity - crustacea

| Ingredient(s) | Endpoint | Value (mg/l)      | Species | Method | Exposure time | Effects observed |
|---------------|----------|-------------------|---------|--------|---------------|------------------|
| ammonia       |          | No data available |         |        |               |                  |

## Aquatic toxicity to other aquatic benthic organisms, including sediment-dwelling organisms, if available:

| Ingredient(s) | Endpoint | Value (mg/kg dw sediment) | Species | Method | Exposure time (days) | Effects observed |
|---------------|----------|---------------------------|---------|--------|----------------------|------------------|
| ammonia       |          | No data available         |         |        | -                    |                  |

## Terrestrial toxicity

## Terrestrial toxicity - soil invertebrates, including earthworms, if available:

| Ingredient(s) | Endpoint | Value (mg/kg dw soil) | Species | Method | Exposure time (days) | Effects observed |
|---------------|----------|-----------------------|---------|--------|----------------------|------------------|
| ammonia       |          | No data available     |         |        | -                    |                  |

## Terrestrial toxicity - plants, if available:

| Ingredient(s) | Endpoint | Value (mg/kg dw soil) | Species | Method | Exposure time (days) | Effects observed |
|---------------|----------|-----------------------|---------|--------|----------------------|------------------|
| ammonia       |          | No data available     |         |        | -                    |                  |

## Terrestrial toxicity - birds, if available:

| Ingredient(s) | Endpoint | Value             | Species | Method | Exposure time (days) | Effects observed |
|---------------|----------|-------------------|---------|--------|----------------------|------------------|
| ammonia       |          | No data available |         |        | -                    |                  |

## Terrestrial toxicity - beneficial insects, if available:

| Ingredient(s) | Endpoint | Value (mg/kg dw soil) | Species | Method | Exposure time (days) | Effects observed |
|---------------|----------|-----------------------|---------|--------|----------------------|------------------|
| ammonia       |          | No data available     |         |        | -                    |                  |

## Terrestrial toxicity - soil bacteria, if available:

| Ingredient(s) | Endpoint | Value (mg/kg dw soil) | Species | Method | Exposure time (days) | Effects observed |
|---------------|----------|-----------------------|---------|--------|----------------------|------------------|
| ammonia       |          | No data available     |         |        | -                    |                  |

## 12.2 Persistence and degradability

## Abiotic degradation

Abiotic degradation - photodegradation in air, if available:

Abiotic degradation - hydrolysis, if available:

Abiotic degradation - other processes, if available:

## Biodegradation

Ready biodegradability - aerobic conditions

| Ingredient(s) | Inoculum | Analytical method | DT <sub>50</sub> | Method | Evaluation                           |
|---------------|----------|-------------------|------------------|--------|--------------------------------------|
| ammonia       |          |                   |                  |        | Not applicable (inorganic substance) |

Ready biodegradability - anaerobic and marine conditions, if available:

Degradation in relevant environmental compartments, if available:

## 12.3 Bioaccumulative potential

Partition coefficient n-octanol/water (log Kow)

| Ingredient(s) | Value | Method           | Evaluation                  | Remark |
|---------------|-------|------------------|-----------------------------|--------|
| ammonia       | 0.23  | Method not given | No bioaccumulation expected |        |

Bioconcentration factor (BCF)

| Ingredient(s) | Value             | Species | Method | Evaluation | Remark |
|---------------|-------------------|---------|--------|------------|--------|
| ammonia       | No data available |         |        |            |        |

## 12.4 Mobility in soil

Adsorption/Desorption to soil or sediment

| Ingredient(s) | Adsorption | Desorption | Method | Soil/sediment | Evaluation |
|---------------|------------|------------|--------|---------------|------------|
|               |            |            |        |               |            |

## Carefree Undercoat

|         | coefficient<br>Log Koc | coefficient<br>Log Koc(des) |  | type |                      |
|---------|------------------------|-----------------------------|--|------|----------------------|
| ammonia | No data available      |                             |  |      | Low mobility in soil |

**12.5 Results of PBT and vPvB assessment**

Substances that fulfill the criteria for PBT/vPvB, if any, are listed in section 3.

**12.6 Other adverse effects**

No other adverse effects known.

**SECTION 13: Disposal considerations****13.1 Waste treatment methods****Waste from residues / unused products:**

The concentrated contents or contaminated packaging should be disposed of by a certified handler or according to the site permit. Release of waste to sewers is discouraged. The cleaned packaging material is suitable for energy recovery or recycling in line with local legislation.

**European Waste Catalogue:**

16 03 06 - organic wastes other than those mentioned in 16 03 05.

**Empty packaging****Recommendation:**

Dispose of observing national or local regulations.

**Suitable cleaning agents:**

Water, if necessary with cleaning agent.

**SECTION 14: Transport information****Land transport (ADR/RID), Sea transport (IMDG), Air transport (ICAO-TI / IATA-DGR)**

**14.1 UN number:** Non-dangerous goods

**14.2 UN proper shipping name:** Non-dangerous goods

**14.3 Transport hazard class(es):** Non-dangerous goods

**Class:** -

**14.4 Packing group:** Non-dangerous goods

**14.5 Environmental hazards:** Non-dangerous goods

**14.6 Special precautions for user:** Non-dangerous goods

**14.7 Transport in bulk according to Annex II of MARPOL and the IBC Code:** The product is not transported in bulk tankers.

**SECTION 15: Regulatory information****15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture****EU regulations:**

- Regulation (EC) No 1272/2008 - CLP
- Regulation (EC) No. 1907/2006 - REACH

**Authorisations or restrictions (Regulation (EC) No 1907/2006, Title VII respectively Title VIII):** Not applicable.

**15.2 Chemical safety assessment**

A chemical safety assessment has not been carried out on the mixture

**SECTION 16: Other information**

*The information in this document is based on our best present knowledge. However, it does not constitute a guarantee for any specific product features and does not establish a legally binding contract*

**SDS code:** MSDS6790

**Version:** 03.1

**Revision:** 2017-04-02

**Reason for revision:**

Overall design adjusted in accordance with Amendment 453/2010, Annex II of Regulation (EC) No 1907/2006, This data sheet contains changes from the previous version in section(s):, 2, 3, 16

**Classification procedure**

The classification of the mixture is in general based on calculation methods using substance data, as required by Regulation (EC) No 1272/2008. If for certain classifications data on the mixture is available or for example bridging principles or weight of evidence can be used for classification, this will be indicated in the relevant sections of the Safety Data Sheet. See section 9 for physical chemical properties, section 11 for toxicological information and section 12 for ecological information.

**Full text of the H and EUH phrases mentioned in section 3:**

- H314 - Causes severe skin burns and eye damage.
- H335 - May cause respiratory irritation.
- H400 - Very toxic to aquatic life.

**Abbreviations and acronyms:**

- AISE - The international Association for Soaps, Detergents and Maintenance Products
- DNEL - Derived No Effect Limit
- EUH - CLP Specific hazard statement
- PBT - Persistent, Bioaccumulative and Toxic
- PNEC - Predicted No Effect Concentration
- REACH number - REACH registration number, without supplier specific part
- vPvB - very Persistent and very Bioaccumulative

**Carefree Undercoat**

- ATE - Acute Toxicity Estimate

**End of Safety Data Sheet**
