

TASKI R1-plus

Toilet cleaner - concentrate

Description

Daily toilet bowl and urinal cleaner concentrate formulated for use with the JohnsonDiversey Divermite dispenser.

Key properties

- Citric acid-based formulation
- Ideal viscosity
- Pleasant, fresh Room Care fragrance

Benefits

- Appropriate for daily use
- Effectively removes stains and deposits from toilet bowls and urinals
- Regular use hinders lime scale build-up
- Extended contact time on vertical/sloped surfaces for optimum cleaning efficiency
- Handy squeezable bottle with directional spout for fast and easy application
- Colour and alphanumeric codes to prevent application mistakes
- Leaves a pleasant fragrance

Use instructions

Dosage:

Two doses into 300ml water-filled Divermite R1 bottle (10% in-use solution).

Directions for use:

Remove the spout cap from the Divermite R1 bottle and fill with clean, fresh water to the level mark indicated on the bottle (300ml). Push the Divermite R1 dispenser button twice to add product. Securely screw-on the spout cap (spout must be in the closed position) and shake gently to mix.

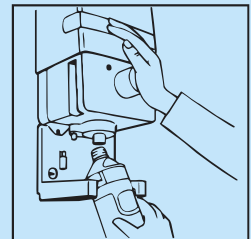

Application:

Flush the toilet bowl or urinal. Gently squeeze the Divermite R1 bottle to direct product under the rim, around the bowl and onto water/flush paths. Distribute with toilet brush. Allow at least 10 minutes contact time, use a brush or sponge pad to remove difficult stains, then flush to rinse.

Important :

Do not use on acid-sensitive surfaces, e.g. enamel, marble, grouting. Immediately remove any drops or splashes from acid-sensitive surfaces and rinse with water. Do not mix with bleach or other cleaning products. Test material compatibility in a small, inconspicuous place before use. Do not use with other dilution systems or methods. Do not use undiluted.

R1-plus

TASKI R1-plus

Technical data

- Appearance: clear, dark blue liquid
- Relative density [20°C]: 1.136
- pH-value neat: 1.0 – 1.5
- pH-value in use: 3.0 +/- 0.5 at 10% dilution

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Safe handling:

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet. Only for professional users / specialists.

Storage Information:

Store in original closed containers away from extremes of temperature.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EC Directives 73/404/EEC and 73/405/EEC and their subsequent amendments.
