

Diversey

Suma®

Suma Star-plus D1 plus

Highly concentrated hand dishwashing liquid

Benefits

- Reduces waste, needs less storage capacity and gives excellent economy in use due to highly concentrated formulation
- Cuts through grease and dried-on food
- Streak-free, easy rinsing for a superior finish
- Stable lather means each longer efficiency of cleaning solution
- Convenient and controlled dispensing, through the Divermite or Diverflow with Surelink system from Diversey, saves money.

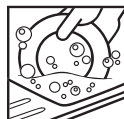

Description

Suma Star plus D1 plus is a highly concentrated hand dishwashing liquid for cleaning pots, pans, crockery, glass and all washable utensils.

Key properties

Suma Star plus D1 plus is a highly concentrated neutral liquid detergent suitable for manual cleaning of all kitchen utensils. The formulation is an optimal blend of anionic and nonionic surfactants, which cuts through grease and driedon food and makes rinsing easy and streak free.

For dispensing accuracy Suma Star plus D1 plus should be used via the Divermite plus or Diverflow with Surelink dispenser from Diversey.

Suma Star-plus

Use instructions

Suma Star plus D1 plus is supplied in flexible, environmental 1.5 L plastic pouches designed to fit into the Divermite Plus or Diverflow with Surelink dispenser from Diversey

Dispensing instructions:

Divermite Plus Dispenser: Recommended dosage is 1 dose (15 ml) per 40L (Due to its concentrated nature, it is recommended to add Suma Star plus D1 plus to running water)

Diverflow with Surelink: using high flow Concentration: 0.04 - 0.08%

Cleaning recommendation:

General cleaning:

1. Prepare solution as recommended
2. Soak items to be cleaned and wash with cloth, brush or scouring pad
3. Rinse thoroughly and allow to air dry

For heavily soiled items, a higher concentration may be required.

Technical data

Appearance	Clear yellow viscous liquid	Relative density (20°C)	1.02
